

LES TROIS BY THE 3 THINKERS 2016

AOC POMEROL

Pomerol lies immediately to the east and north-east of Libourne. It is the smallest of all the major Bordeaux wine producing appellations, with only 800 hectares under vine in Pomerol. This miniscule area's wines define the Merlot grape at its very best. The soils of the Pomerol region are very diverse with a mixture of gravel, sand and clay scattered across the plateau. Pomerol wines are known to be of maximum elegance, richness, and complexity.

AVERAGE AGE OF THE VINES:	21 years

TASTING NOTES

"Fragrant and impressive with nice, minty high notes and also deep, plush fruit. Again, there is a slightly cool edge here and this is a very young wine but the calibre of fruit is certainly good. Purple, inky and also plummy, and there is a lot of oak in the mix, too."
